Leister™ Triac Tent Mender

The perfect solution for heavy duty repairs!

The Leister™ Triac creates a permanent weld between two pieces of vinyl. Simply cut a piece of material to overlap the damaged area. Heat the vinyl between the two pieces and exert constant pressure with the wide band roller. The finished repair is virtually invisible when using a matching material. The Leister™ Triac features an adjustable temperature control and is powered by 110 volts. Leister™ tools are guaranteed for 12 months against electrical or mechanical failure caused by defective material or workmanship, provided the failure is not the result of misuse.

Description	Product Code
Leister™ Triac	100.726
Wide Band Roller	HY-1000
40MM Nozzle	107.132

Nozzle and roller sold separately

Carry Case included with each Triac Purchase!
